

**GENERATE YOUR
OWN MARKS FOR OPTICAL
MARK RECOGNITION**

IntelliRead

**IntelliRead puts you in control
of sensitive mailings while saving
you time and money!**

IntelliRead™ is Hasler's exclusive OMR Mark Generation Software. It enables you to create OMR marks on a variety of applications such as check runs, invoices, statements, explanation of benefits (EOBs), bills and other documents with variable data. With IntelliRead, you can take full advantage of the OMR reading software on Hasler Folder/Inserters, saving you time and money.

It's easy to set up and use. IntelliRead resides on the PC and works with the Windows® Operating System so it's accessible to virtually everyone. There's no need for expensive external software consultants. Even your internal IT support

will love it! IntelliRead is the most user-friendly, versatile and flexible OMR mark generation program available today.

**OPTICAL MARK
RECOGNITION
(OMR) SOFTWARE**

IntelliRead

PC Based

IntelliRead enables you to:

- Eliminate the expense of outsourcing
- Keep sensitive jobs in house
- Maintain security and control of proprietary documents
- Apply various OMR marks including selective feed, security numbering and diverting
- Sort by page number, postal code, address and/or other unique criteria
- Group same documents into one set for best fit in envelope packages
